

## About Fraser, Ltd.

Fraser, Ltd. has been meeting the needs of the community with 125 years of solid leadership, integrity, and most importantly, treating your family like our own!

## About Our Child Care Center

With 25 years of experience, Fraser Child Care Center is well known and established in the Fargo/Moorhead community.

Our Center offers a safe and caring environment where each child has the opportunity to explore and discover at his or her own pace. A variety of engaging learning activities and fun play experiences are part of each day. Activities are planned with the age and interests of children in mind and our goal is to prepare them for their next level of learning.

## Why choose us?

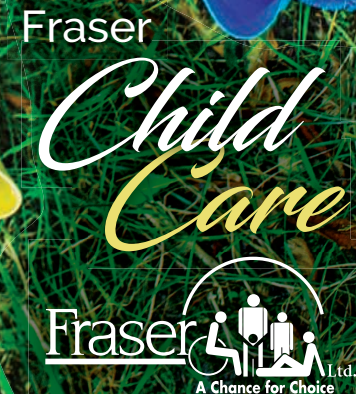

The first five years of childhood are the most important years in development and learning. Our educational curriculum is designed to help children reach their fullest potential. Our enrichment programs feature fun, age-appropriate activities which help develop the whole child: physically, emotionally, socially, and intellectually. Our staff are dedicated to providing the care, attention, love, learning, fun, and safety that parents have been experiencing at Fraser Child Care since 1994.
